Front-End Developer

Liliia Bilous

Seeking to leverage my self-taught expertise in web development, acquired since the summer of 2022, into a professional role. Proficient in HTML, CSS, and JavaScript, with hands-on experience in crafting diverse web pages. Committed to staying updated with the latest web technologies and adept at designing visually appealing websites. Possess experience in collaborating effectively within a team environment, enhancing my independent work on web application functionality and interface.

Latest Projects

1. Portfolio project .... **[** HTML5, SASS, JS, Webpack **]**
2. Test Task for a Junior Front-End position .... **[** HTML5, SASS, JS, Webpack **]**
