Front-End Developer

Liliia Bilous

Seeking to leverage my self-taught expertise in web development, acquired since the summer of 2022, into a professional role. Proficient in HTML, CSS, and JavaScript, with hands-on experience in crafting diverse web pages. Committed to staying updated with the latest web technologies and adept at designing visually appealing websites. Possess experience in collaborating effectively within a team environment, enhancing my independent work on web application functionality and interface.

PET Projects

1. Top cafes Ukraine .... [HTML5, CSS3, Vue.js, Vite, Pinia]
2. Kottans project - DOM .... [HTML, CSS, JS, DOM]
3. Kottans project - Burger menu without JS .... [HTML5, CSS3]
4. Responsive landing page .... [HTML5, CSS3, BEM]
